

# MightyLite™

The new Angiolaz MightyLite™ headlamp is the lightest right angle fiber optic headlamp available. The miniaturized optical system provides a clean, uniform spot that is brighter than much larger, heavier headsets. The reduced weight improves user comfort and reduces neck and shoulder strain during longer procedures.

The headband is fully adjustable and designed for comfort with removable and replaceable sweat cushions.

The optical system has a full range of articulation with baton adjustment, as well as a new vertically adjustable linkage arm.

## Specifications

<b>Weight</b>	Headlamp	0.26 lbs. (118 gm)
	Cable	0.32 lbs. (145 gm)
